Speak to a sympathetic person who understands farming life

The Farming Community Network (FCN) helps members of the farming community manage and thrive through difficult times and periods of change.

FCN provides a listening ear and essential support to those in need.

Our network of 400 volunteers in England and Wales have a great understanding of the issues farm workers and farming families regularly face.

Founded in 1995, we have helped thousands of people deal with a wide range of issues, from financial difficulties and animal disease to mental ill-health.

No matter how big or small, if you have something on your mind, we are here for you.
